

Reed Diffuser Care

 /Essentialise

 /Essentialise

All my products are Eco-Friendly, Cruelty Free and Vegan.

- Reed diffusers are flammable, so keep out of the reach of children and pets.
- Do not place on polished or painted surfaces.
- Wipe up any spillages immediately.
- For a strong scent, turn the reeds daily.
- Refills are available.

Refill Service

At Essentialise I want to do whatever I can to help the environment so I would like to offer a refill service. If you keep your old diffuser bottle, give them to me and I will refill them for you. I will clean and prepare your bottles and refill them with your desired fragrance or essential oil ready for collection. My refill service will be at a discounted price off your next reed diffuser. New reeds will be given with the refill service.
